Welcome to opportunities
EUROPEAN STUDENT FAIR
BRAZIL
28th October 2023
Hotel Renaissance,
Jardim Paulista, São Paulo
14:00 - 19:00

Come & meet
40+ European universities!
Information about Erasmus+, Erasmus Mundus Joint Masters, the Marie Skłodowska-Curie Actions (MSCA)

Erasmus+ is the European Union’s programme for international mobility and cooperation. It provides funding for scholarships that enable students and staff to come to Europe’s top higher education institutions. It also funds international higher education cooperation projects.

Erasmus+ provides grants for short-term exchanges for students at Bachelor, Master and Doctoral level to study in one of 33 European Erasmus+ Programme Countries as part of their study programme through International Credit Mobility. Students at all study cycles can go on a physical mobility between 2 and 12 months (or between 5 and 30 days, if part of blended mobility). Erasmus+ also offers the opportunity to combine a period of study in a Programme country with a traineeship to gain work experience.

Erasmus Mundus Joint Masters are another opportunity for non-European students. These are full degree programmes at Master level jointly delivered by an international consortium of higher education institutions. They award full-study scholarships for students from all over the world. Study must take place in at least two of the European Countries. Find out more about these opportunities here.

The Marie Skłodowska-Curie Actions (MSCA) provide grants for all stages of researchers’ careers - be they doctoral candidates or highly experienced researchers - and encourage transnational, intersectoral and interdisciplinary mobility. The MSCA enable research-focused organisations (universities, research centres, and companies) to host talented foreign researchers and to create strategic partnerships with leading institutions worldwide. Learn more about these opportunities here.
BElGIUM

NATIONAL PROMOTION AGENCY
Study in Flanders and Brussels

https://www.studyinflanders.be/
info@studyinflanders.be

Study in Flanders and Brussels represents 18 higher education institutions: 5 research intensive universities and 13 universities of applied sciences and arts. Flanders and Brussels boast a high level of diversity on and off campus. Flemish higher education welcomes international students, which results in multicultural and international campus environments. We offer a broad range of English taught study programmes.

We have various scholarships available:
• Erasmus Mundus Joint Masters
• Master Mind Scholarships
• Scholarships funded by the host institution

AUSTRIA

NATIONAL PROMOTION AGENCY
Study in Austria (OeAD)

https://studyinaustria.at/en/
studyinaustria@oead.at

The OeAD advises, promotes and connects people and institutions from education, science, research and culture with future-oriented programs. As the agency of the Republic of Austria, the OeAD makes a contribution to inclusive, equal and high-quality education. The OeAD works in Austria, Europe and international priority countries. Under the label «Highlight your future. Study in Austria» the OeAD provides information on study offers and locations in Austria and represents all Austrian universities at international education fairs.
